

## INFORMATION & HELPDESK

**FIND TECHNOLOGIES THAT ARE AVAILABLE FOR LICENSING OR FOR OTHER BUSINESS OPPORTUNITIES**

### WHAT CAN THE HELPDESK DO FOR YOU?

The service aims at supporting EU and Japanese companies, universities, research centres and individuals in their steps to search for technologies and understand the mechanics of tech transfer transactions, as well as bridging the knowledge gap about current available technologies from both Japan and the EU.

The service is supported by a web portal <http://www.eu-jp-tthelpdesk.eu> which provides general content about intellectual property rights, technology transfer, and related topics between the EU and Japan.

Webinars, videos, and presentations are intended to make this new service a “must-see” for implementing open innovation practices within EU and Japanese companies.

### THE SERVICE IS DEDICATED TO

- Japanese companies (with particular attention to SMEs), universities, and research institutions
- European companies (with particular attention to SMEs), universities, and research institutions
- Japanese and European individuals working for the above entities

### SCOPE OF SERVICES

On the Helpdesk's website it will be possible to:

- Find available technologies from EU and Japanese universities and research centres
- Upload (for EU and Japanese universities and research centres), free-of-charge, available and promising technologies to find potential licencees or partners
- Find general information about IPRs and tech transfer practices
- Watch webinars with the relevant presentation materials
- Find video interviews with experts about IPRs and tech transfer
- Read and download presentations and articles about IPRs and tech transfer

### DO YOU HAVE A CUTTING EDGE TECHNOLOGY?

The Helpdesk is actively seeking for technologies from EU and Japanese universities and research centres to be freely displayed on the portal. For all those eligible and interested, feel free to look at the website.
